

Tres Islas Orphanage Fund

May 2022 Newsletter

Hello and Happy Spring to our Tres Islas Orphanage Fund Family!

In our past Spring newsletters, you'd find lots of pictures, stories, new friendships and re-kindled friendships of a recent Spring Volunteer Week (SVW) trip. Due to the rise in Omicron cases, the board felt the need to postpone SVW 2022.

Even though we weren't able to gather physically, TIOF has felt your continued engagement and support! In addition to providing the 6 children's homes with food, clothing and basic necessities, YOU, our committed donors provided the following opportunities for the children since our last newsletter:

- *Weekly grocery purchases for each home
- *School uniforms and supplies as schools open again
- *Career counseling classes for girls in all homes
- *Paint, basketball court lights and a classroom projector for Hogar San Pablo
- *Special occasion parties for every home yearly
- *Dental work for the girls at FloreSer

THANK YOU to our donors and volunteers!! You show true commitment to a great cause even from afar. Read on..... to see all that you do, provide, encourage, create and transpire!

-Michelle-

TRES ISLAS ORPHANAGE FUND BOARD OF DIRECTORS has an opening for treasurer.

Connie Montayne, who has served as our treasurer since the board was formed in 2015, has submitted a letter of resignation as of the end of this year. She will continue to serve out her term as a board member for the next 2 years.

This is a strictly volunteer position. A working knowledge of QuickBooks is important as well as experience with Excel. Hopefully a transition can be completed before the end of 2022.

Send you letter of interest and qualifications to PO Box 3005, Coeur d'Alene, ID, 83816 or email@orphanagefunds.org

Questions about the position may be directed to Connie Montanye, tivconnieterry46@gmail.com

Thank you for your years of service Connie!

The girls at FloreSer have been making very creative piñatas to sell.

Creativity at two homes!

This photo shows creative use of the boy's hands on the walkway walls at Hogar San Pablo.

Vocational Counseling Update

Seven sessions have been presented by a Vocational Counselor to inform and help the girls from Orfanatorio Mazatlán and FloreSer consider and plan for their futures. The counseling was made possible through a generous donation, specifically to help girls, from a foundation that supports Tres Islas. We are hopeful this information will benefit the girls!

The girls were introduced to many career ideas and learned about creating resumes, interviewing for jobs, and making good decisions.

Hogar San Pablo Improvements

TIOF recently authorized the purchase of paint, supplies, and a ladder for general maintenance. Also approved was more lighting for the sports court so it can be used for activities after dark.

Dental Help for FloreSer

TIOF recently authorized dental care for several of the girls at FloreSer who needed some serious attention. We sincerely thank one of our dedicated donors for their generous donation to make this possible. A nice smile is so important to a girl.

TidBITS

*During May health and grooming aids will be purchased for each of the homes. These are purchased twice a year.

*Check our Facebook page for more pictures and news of activities at our homes.

*We continue to receive money from Amazon Smile. If you shop Amazon, check out shopping at smile.amazon.com and designate Tres Islas to receive donations based on percentages of your purchase prices.
