Atn. Donelle and Tom Manton

Dear Donelle and Tom:

We want to thank you for all the efforts that you and all the DONORS of the TRES ISLAS ORPHANAGE FUND, have done once again for this new school year 2005-2006.

Without this big help I do not know how all the boys and girls from the orphanage , could have started clases this last Monday, in their first day of school. You should have seen their faces on this first day, when they went to school with ALL the complete uniform, and ALL the books and school supplies. Without your help this could have not been posible.

Again thank you also for the 130.00 Dils of Groceries that you buy every week. We see this kids growing healthy day by day, and you may like to know, that now we do not expend much money on medicines, because there is no need, and this is the result of the good food that you and ALL THE DONORS of TRES ISLAS provide to the Orphanage every week.

We have not enough words to say THANK TO ALL OF YOU for what you are doing. We say Thank you in their names.

Sincerely
