Dear Tres Islas Orphanage Fund,

On behalf of the boys at Refugio Mazatlan, we would like to thank you so very much for the generous Christmas gifts. With your kind contribution we were able to buy sweaters and underwear for each boy – they were thrilled!

We so appreciate the ongoing generosity of Tres Islas. The steady food allowance is something we count on and appreciate greatly, as is the contribution towards personal care items. The education funds provide invaluable help – as you know, we have a large focus on academics and we are extremely grateful for this assistance.

Thank you, Tres Islas donors - you are helping these young men become self-sufficient, successful, altruistic adults and in so doing you are achieving the goal of breaking the cycle that perpetuates poverty. All the best for 2018!

With our most sincere thanks,

Nicola and Guy Lansdown
